

Webinar Invite - *Get Moving!* to Prevent SH & SEA

Get Moving!

Are you looking for ways to cultivate a positive organizational culture and to increase the impact of your humanitarian work?

Get Moving! to Prevent Sexual Harassment (SH) and Sexual Exploitation and Abuse (SEA) could be the solution. The training process, built on Raising Voices' base curriculum of the same name, goes beyond staff sensitization to promote deep reflection, and individual and organizational transformation, to address the root causes of continued SH & SEA within our sector.

Join us on **Thursday, December 2nd, 2021 at 2 pm EAT** to hear about about our approach to organizational change, and the journey we have taken over the past three years.

Register for the webinar early at:
