With content in 3 languages

MENA
Syria, Yemen, Jordan
With content in 2 languages

Our audience:

- CSOs
- Government
- Private sector
- INGOs

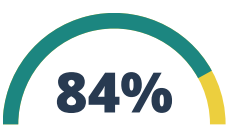

91% of less resourced CSOs globally are happy with what RSH offers.

According to survey data

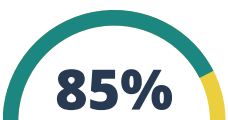

“The RSH website is a ‘one-stop shop.’ This place makes it really easy for anyone trying to build up skills and trying to get best practices.”

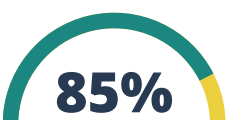

RSH user

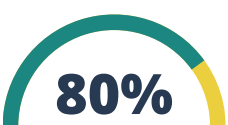

84% of surveyed users are positive that RSH products and services improved their knowledge and understanding of safeguarding approaches and/or best practice against SEAH.

85% of surveyed users with improved understanding of how to apply international safeguarding standards.

85% of surveyed users are better able to implement safer programmes.

80% of surveyed users in CSOs and Organisations of Persons with Disabilities felt that RSH provided a safe and collaborative space for them.

Mentoring support

(Mentorship focused on improving CSO safeguarding capacity)

185 organisations mentored.

99% of mentored organisations improved their safeguarding capacity.

“Previously we used to look at safeguarding in isolation. We thought that having a stand-alone safeguarding policy was enough. The mentorship programme helped us in understanding that we need to adopt a holistic approach if we intend to practically adopt a safeguarding culture in the organisation. All the policies need to be reviewed and aligned.”
